DETAILED ACTION

Allowable Subject Matter

1. Claims 5-14 and 19-25 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: regarding claims 5 and 14, the primary reason for the allowance of the claims is due to the amendment that consist of a docking system having a tapered section comprising a connection portion connecting a unbounded perimeter portion and a linear non-sloping edge of the tapered section so enabling substantially linear movement of that at least one lateral protrusion from the unbounded perimeter portion to the linear non-sloping edge and then to the linear docking edge along the linear non-sloping edge. Since claims 6-13 depend from claim 5 and claims 19-25 depend from claim 14, they also have allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jermele M. Hollington whose telephone number is (571) 272-1960. The examiner can normally be reached on M-F (9:00-4:30 EST) First Friday Off.
